#### \*Qualifier/Consolation Pairs

The event is open (as opposed to stratified). After the first session, approximately half of the field qualifies for the final session which is scored with carryover (limited to 2 boards) from the first session. The pairs that don't qualify and anyone else who wants to play a single session event play in the consolation pairs in the evening. There is no carryover to the consolation pairs but you're eligible to win overall session awards.
